Taekwondo is not only fun for kids, but also a great full-body exercise which increases strength, coordination and flexibility! We are happy to have Ki Martial Arts coming to teach our classes. They will use age-appropriate games and drills to teach the children basic kicks, punches, blocks, forms, katas, stances and board breaking. Using these skills, they will also be teaching character building. Respect is taught not by scaring them into submission, which is often mistaken as respect, but actual respect. Respect for the knowledge and skill that the instructors can teach, for their friends that they spar with, and for the school that they attend. Self-discipline is taught by teaching children to wait their turn to make a comment or wait to talk to a friend, and to be able to listen attentively to someone who is teaching them.

Children will receive one-on-one instruction on the piano for 30 minutes each week with a piano recital in the Spring. Music for Little Mozarts was written for the preschool and kindergarten age groups. This curriculum provides a balance between the discipline necessary for playing the piano and the enjoyment one receives from the process of music making. The course centers on the adventures of Beethoven Bear and Mozart Mouse as they learn about music. Three correlating books (Music Lesson Book, Music Workbook and Music Discovery Book) guide the children through a comprehensive approach to musical learning, using the piano throughout the school year.
